AMBASSADE DU GHANA

PM/CON.21

NEWSLETTER

TO ALL GHANAIAN ASSOCIATION/CHURCHES IN FRANCE

This Mission has been contacted by a French Non-governmental Organisation, NON A LA DROGUE, OUI A LA VIE, which is crusading against the use and abuse of drugs

According to the Organisation, it has successfully organised seminars for a number of immigrant communities in the form of the dissemination of useful information on how to prevent the use and abuse of drugs in the communities.

This Mission, therefore, wishes to bring the activities of this Organisation to the attention of the various Ghanaian Associations, Unions and Churches hoping that our nationals will also derive the maximum benefit from the operations of the Organisation – the more so that the Mission believes that the negative effects of drugs know no bounds.

All interested communities may wish to contact the Organisation at the following address for further details.

Mme. Agnès BRON
Non à la drogue, Oui à la vie
116, rue de Charenton
75012 Paris.
