PM/CON21

NEWSLETTER

At the turn of yet another year, the Ambassador of the Republic of Ghana, to France, His Excellency Professor Albert Owusu-Sarpong and the staff of the Embassy extend their warm greetings and best wishes to all Ghanaian nationals and their families living in France.

It is the hope of His Excellency the Ambassador, that the year 2006 will bring in its trail renewed commitment on the part of all of us to make Ghana a better place for ourselves and the generations to come.

It is also His Excellency's prayer that all Ghanaian nationals in France will play a special role in galvanizing the exploits of our senior national team, the Black Stars, as they prepare to gallantly lift high the flag of Ghana in Germany in June/July 2006.

Once again, the Embassy wishes you all "Afenhyia pa"
